**Submission of a Replacement Sequence Listing Paper Copy and  
Computer-Readable Form Under 37 CFR §1.825**

Sir:

Transmitted herewith please find a replacement Sequence Listing paper copy and a diskette containing the same Sequence Listing in computer readable form (CRF). The accompanying Sequence Listing is submitted to replace the Sequence Listing filed with the original U.S. national phase application papers on Dec. 6, 2005.

In answer to a Notification of Missing Requirements dated Mar. 10, 2006, Applicants have amended field <223> for each sequence to be more descriptive of the non-natural peptides set forth in the Sequence Listing.

Applicants hereby verify the following:

1. The paper copy of the Sequence Listing and the computer readable form of the Sequence Listing submitted herewith are the same in content, as required by 37 CFR §1.825(b);
2. Only the descriptive fields <223> have been changed from the originally submitted Sequence Listing, and no sequence information contained in the Sequence Listing has

been changed. Therefore, the enclosed Sequence Listing and CRF for the above-identified patent application contain no new matter and do not go beyond the original disclosure of the application, as required by 37 CFR §1.825(a).

Replacement of the former paper copy and CRF of the Sequence Listing with the paper copy and CRF submitted herewith is requested. Examination of the application on the merits is thereafter respectfully requested.

May 30, 2006

date

Respectfully submitted,

Leon R. Yankwich; Reg. No. 30,237

David G. O'Brien; Reg. No. 46,125
